1. Create a new book of common prayer for Me, for Me, for Me, of Me, for My common people who I love and died for, and want to elevate so much, so much, so much higher, to levels they have not imagined or grasped or been able to see, feel, experience in their bondage—in their complacency—in their ho-hum world, trying only to make money and please Me—sometimes—on the side.

2. I am not an add-on and I am not a god afar off from his children. I am not a long distance communicator. I am there. I am there. I am in and with and alongside and around and over and under and encompass all who will let Me, and see Me, and take My hand, My outstretched hand, My hand in them.

3. Oh Ted—revival, renewal, refreshing, refinement—oh Ted, so much more, so much for so little.

4. The book, the book, **the book of common prayer for My common—My common people—My royalty I bought and died for and want to resurrect** in manner altogether lovely—Ted, has My name in, but also has their name, it has the names of their friends and the name of their friend's kids.

5. Ted, My book of common prayer is not common at all, but special—for special people—My Mine who seek Me in sincerity deep, and conscientiously and consistently and continuously—even falling here and there, but never giving up on Me—and never giving up on themselves befriending Me and knowing Me intimately. For Ted, I never give up on them, not as long as they come and have any openness to Me at all.

6. So many that are dead—that even think they're dead—with all life and spontaneity drained from them by hard knocks and unmet expectations—hurts from My body and other bodies—oh Ted, they aren't dead until they're dead. There is life in their heart and I want to destroy that which destroys them, and life bring to them and emotion them and aliven them, to do all I have for them.

7. And Ted, you will help Me do this—and reader/hearer—you will help Me do this—if you choose to, if you will come, if you will create when I speak, create, and bring you knowledge and wisdom and understanding of witty, witty, witty inventions—creators of Me birthed at My knee, at My knee, in you, at My knee.

8. Forms—fill-in forms to facilitate the formation of structure, structures of steel, structures so much stronger than steel, forged in truth in the hearts of My Mine who will pray My prayers and revelation seek, and Ted, revelation write – hid not behind a bushel or under a pot or laid on a shelf or remaining on a disk – but Ted, proclaimed, published in power, openness and transparency.

9. Condemn not the beginners in Me who ever so wobbly begin to flex their wings to soar to heights above prison walls of bondage—thoughts that have held them captive for centuries—of elite-ness and aristocracy and grandeur and palaces palatial for one set of My people – and poverty and denigration for the rest.

10. I have not two classes of people. Hear Me well, hear Me well, I have My people—one—one class—and they are Mine, My family who I call and beg even, to come to My side and walk with Me and talk with Me and let Me make Myself known – revealing Myself as we walk, with truth in tow, and My blood going before us.

11. Oh Ted, My people are not echelons and echelons of levels of important and unimportant. They are Mine and freeing them I am in power, power, by the prowess of My people who will embrace My blood, My death, My resurrection, and Ted, My Spirit—My voice, My Ever-New and Living Covenant I made with them, made with them already.

12. They must know of The Covenant I have already made with them and they accept or reject, they abide and conquer, or they run and forfeit, and reap accordingly.

13. The book of common prayer must be forged in the foundry of one's soul, spirit, spirit/soul, thinker/mind, encompassed-being, in life.

14. Ted, each one must have a book which they themselves form—for really, they are writing it whether they realize it or not – every day they write it. They write it in reality whether it ever sees paper or not. They write each day with decisions made to accept, reject, see, or remain blind, ignorant, naked, small, demeaning or encouraging – it's all kept Ted. It's all kept.

15. But oh the power of the printed page and digitized replicatable revelations of Me that I want to give so freely to those who aren't ashamed of Me—those who will stand up and write and speak and learn as they mature and mature as they learn, and depend not on the accolades of man to determine their course or continuance.

16. Me, Me, to focus on Me, focus on Me, in power of focus, using prayer books to facilitate focus and maturity which they themselves create, along with Me, and facilitators of truly Me.

17. My words, My Word, and Ted, your words of Mine, and their words of Mine—Oh **the manifold revelation that has begun revolution which will reveal Me to My people in magnanimous splendor of continuing truth**.

18. Hand them pens and tablets, **then** computers, and advanced technology for Me. Focus their energy and eyes on Me so I can come through them like I come through you, and like I'm about to come through many, many, many who know Me.

19. I do not hide Myself any longer, in any respect or revelation of Myself or My kingdom. My doors of My chambers are open—completely available for entry—to every person—with no respect or restraint of any—to come to investigate, to inquire, to search Me out, to contain what they can, day by day, and grow thereby.

20. You know the source of your strength comes from Me and your time with Me—your emotional strength—your spiritual strength—one—one—one—from Me.

21. Focus to facilitate the ever so wobbly – to fragile ones make strengthened ones—who strengthen those beginning—to reveal and revel in Me and My Mine—360°—Ted—all around them, and everywhere I take them and everyone I take them to.

22. You want adventure, you always wanted excitement and got bored so easily. Oh Ted, what I have for you so exceeds anything you ever dreamed of—for adventuring/exciting you are My body as you bring them adventure/excitement of Me, of Me, in My big world—freeing the slaves and those that thought they were operating so highly in Me—freeing them to soar to planets unknown—in Me, over waters mapped out only by Me.

23. Books, prayers, forms—tools—educating My potential admirals and generals to guide others into My hand—My chambers, My all for them.

24. My book of common prayer contains no constrictions in who is ordained of Me. My book of common prayer is all about freedom, love personified in Me, in them, and in My body.

25. I will teach and I will construct and I will constrict not the sincere seeker who wants adventure and excitement and emotion—life—in Me. Oh the glory, oh the power, oh the dominion—of powerful ones of Me—walking in love and discernment and meekness, meekness, meekness and honor and respect, and Ted, often, deference.

26. Patience—see Me—and do what I do.
Patience—hear Me—and say what I say.
I paint, I speak, I paint, I love—and all these things will be taught in the universities of Me—on foundations of true truth that depend not on man's standards, but of My standards, in powerful, powerful freedom—which breeds great, significant creativity, and much adventure and streaming excitement to the inner man of My body.

27. Love and kisses—hugs—give My body for My body and Me.

28. Love on My body and condemn only sin, never the sinner.

29. Oh the grace intense—liquid—flowing—rivers of grace I have to those who will enter – so free – so fulfilling – so financially overriding the ways of man and little people—financially, financially—of My currency.

30. My currency is not like yours—but yours comes out of Mine—when you let Me.

31. Books of common prayer are not common at all, **but tools** I will use mightily to reveal Me to My Mine, and pray My prayers and facilitate the formation of freedomized generals and admirals and leaders of many, many, many—all, all, all—who let Me.

32. Every leader is a follower.
Every follower is a leader.
Synergy comes when each knows when to be what, and who—
Looking into Me to see and hear what I am saying and showing them.

33. So many stub their toe and lose their leg from infections of arrogance and control, and fight for their things, whatever they think their thing is.

34. Synergy is My name.
Universities is My name.
Prayers of power that smash the revolving doors of people passionless for Me—wandering in and out of everything and anything they think can give them direction and security, and salve them emotionally.

35. A new generation, a new generation, a new generation—having nothing to do with age, but of Me. A new generation of warriors who will not shrink back from revelation of Me at My knee, and letting Me fling them and their words and their creations across continents and waters deep—and Ted, turbulent.

36. My peace I give to you.
My peace I give to curriculumizers and faculties which assemble even now – even now in their mind and spirit and future projections of what they may be teaching and creating in fountains of freedom where **My design is the goal—in freedom**—and not the rules which constrict rather than create.

37. I give you Me.
I give you Me.
I give you Me.

Ted, isn't that a prayer you've prayed to Me multiple times of multiple times?
Yes, yes, yes.
And Ted, now I pray that prayer to you Ted.
I give you Me.
I give you all of Me.

38. Give all of Me you have away—and I shall replenish and reveal and abundance you and yours—students and faculties this world over—for Me, for Me, for Me.

39. You are My instrument, My steward, My servant – and most of all – My friend.

40. Friendship with Me—facilitate in My body—and I will be so appreciative, so thankful, so grateful, so deeply encompassingly, permeatingly, fulfillingly—Me—in you.

41. Thank you—fulfill your role with power and purity—for purity comes before power.

42. Establish the establishable-only-by-Me and I will direct, connect, correct, and Ted, I will teach and reveal Myself for generations to come and marvel, marvel, marvel.

Yes, now, forward, smile, laugh, empower.
Big, big, big be, and big My people and let them be little no longer.

Commerce, creativity, commerce, creativity.
Commerce, creativity, Me, Me, Me.

Self-sustaining—in Me.
In need—not.

See Me—see it—see what I have given you and told you and described to you and implanted in you and given birth through you.

Enjoy, laugh—enjoy laugh—enjoy laugh.

Destroying depression in My body which saps the life from My people through untruth and dim eyes.

43. Perfect the vision of My body.
Heal My body.
Heal My body.
Tell My body to heal My body in
freedom,
forgiveness,
honor,
love,
respect,
tenderness,
patience,
integrity, and Ted,
fullness of joy and laughter, in deeply fulfilling relationships of Me, with Me, powered by Me, ordained of Me, for Me, for them, for us.
I thank you.

44. Use every **tool** I give you.

45. Constrain with freedom and creative be.

46. You're you Ted.
I've given you what you asked for.

You asked me and asked me to let you be you—and Ted, you are—this day, forevermore.
You've graduated again.
And will many more times.
And will many multitudes for Me, in Me, Me, of Me.

Thank you.

47. Go in peace.
Go in power.
Go in joy and laughter.
Go in the revelation of Me and My character and My friendship.

Thank you.
Thank you.
Thank you.

48. Oh Ted, thank you.
Thank Barbi.
Thank you.
